OFFICIAL PAPER OF YOLO COUNTY.
WOODLAND, CAL.
Thursday, July 27th, 1876.

**NATIONAL
Democratic Nominations.**

FOR PRESIDENT:
SAMUEL J. TILDEN,
OF NEW YORK.
FOR VICE-PRESIDENT:
THOS. A. HENDRICKS,
OF INDIANA.
FOR CONGRESSMAN:
J. K. LUTTRELL,
OF SONOMA COUNTY.

Luttrell Renominated.

Our present popular and able Congressman, Hon. J. K. Luttrell, was unanimously nominated for reelection by the Delegates from this District in State Convention at San Francisco yesterday. And he will be elected by an overwhelming majority.

DEATH.—Another well known Pioneer, J. W. Tucker, for many years San Francisco's leading jeweler, succumbed to the dread monster on Saturday last. His malady was Bright's disease of the kidneys from which he had long been a sufferer.

CLOUD BURST.—On the 23d, about thirteen miles east of Eureka, Nevada, a column of water twenty feet in height, from a cloud-burst, swept down the canyon drowning a dozen Chinamen and several Italians. Many fled to the hills for safety. The storm had continued for several days.

HARPER FOR AUGUST.—This number is received with the following contents: Wellesley College; The Battle of Long Island; A Sentimental Journey to the Jordan; Rob and His Friends; A Poem; Modern Dwellings; The Laurel Bush; Ashes of Roses; Garth; A Novel; Hymn to Freya; Saratoga Springs; Rear Admiral Wm. Bradford Shubrick; A Woman-Hater; The Judge's Flirtation; Daniel DeRonda; Editor's Easy Chair; Editor's Literary Record; Editor's Scientific Record; Editor's Historical Record; Editor's Drawer. This number is elegantly illustrated, and we judge from a hasty glance is even more interesting than usual. Harper & Brothers, New York—\$4 a year in advance.

INVINCIBLE.—Seeing the invincibility of the Democratic nominees Tilden and Hendricks, the Radicals are trying to make it appear that there is a difference of opinion upon important points existing between those gentlemen. This Governor Hendricks has seen fit to deny; so that gun is spiked. Query—what will be the next underhanded game of their enemies to misrepresent these good and true men? Still, it is not to be wondered at that those who have themselves sunk so low as to sanction and sustain the doings of Grant and his appointees (who themselves uphold and endorse the Administration), should take these underhanded means of injuring their opponents. We opine, however, that this kind of weapons will prove a boomerang to those who adopt that mode of warfare.

LAND COMMISSION.—The State Land Commission, Judge J. C. Ball, of this place Chairman, held a joint meeting in Sacramento on Monday last. The Record-Union says to hear R. M. Widney, of Los Angeles, upon the "Booth-Bill" relative to lie lands and their confirmation to the State and its vendees. Commissioners Crane and Fay, Governor Irwin, General Minis and his deputy Beaumont, were also present. The Commissioners stated that their role object was to prevent confirmation of title in lieu land cases to speculators, and those who had obtained such lands contrary to law, or by fraud or misrepresentation, and at the same time have such legislation as will confirm the titles to such lands in those who are innocent holders and were bona fide occupants and purchasers. The question of land titles is a very important one in this State, and the Commission it is believed will be able to do much toward straightening out existing complications and abuses.

AN ELOQUENT FACT.—When Tilden took his seat as Governor of New York, in 1874, the taxes amounted to \$16,000,000; for 1875, under his wise Executive management, taxes amount to but \$8,000,000—just one-half. This is one of those solid, substantial facts which touch the pocket and influence the judgment of every citizen of every community in the State. And if Mr. Tilden could institute reform to that extent in the Empire State, how much more would be to in that direction when he has this whole vast, but corruptly governed country for his field of operation. Unlike Hayes, who commends the Administration "for its honorable work in the management of domestic and foreign affairs," Tilden condemns and slaughters corrupt officials whenever found within his reach; and we expect there will be such an amount of decapitation of dishonest heads under his administration as never occurred before. Furthermore the people have seen that he does what he talks in the way of reducing taxation.

CAMPAIGN NOTES.
ORIGINAL AND SELECTED.

The New York Nation, a journal of great ability and influence, comes out for Tilden and Hendricks.

Cassius M. Clay, of Kentucky, the Veteran Radical—Lincoln's Minister to Russia—has already made a speech for Tilden and Hendricks.

Schuyler Colfax has declared in favor of Hayes. So has Boss Shepherd. Where the carillon is, there will the turkey buzzards be gathered together.

This is a sound sentiment from Dr. Storrs' Fourth of July oration: "Let us make religious dissensions here, as a force in politics, as absurd as witchcraft."

Governor Tilden's record, so far as the war is concerned, cannot be assailed. His record in the war upon public corruption and thievery is also one that his opponents may envy or libel, but cannot match.

The Jefferson City Tribune says: A correspondent is informed that Hayes, the Radical candidate, is not the great Arctic explorer. He will, however, command an expedition up Salt River next November.

The Madison (Wisconsin) Democrat mournfully waileth: "Stick up a bass-wood slab and inscribe on it:—

Benj. H. Bristow, Aged 46.
Died of Purification from within.
June 14, 1876, at Cincinnati."

When Grant releases revenue swindlers from prison, and dismisses from office the men who were the means of convicting these revenue swindlers, it does not look as though he were the honest upholder of the laws and the faithful guardian of the Treasury.

The telegraph announces that Cox, of New York, Lamar, of Mississippi, and other distinguished Democratic speakers will canvass the Pacific States for Tilden and Hendricks.

What is Governor Tilden's religion? It is the Christian religion, and he has given proof of the sincerity of his faith by enforcing in the performance of his official duties that divine commandment, "Thou shalt not steal."

The Democratic members of the House Military Committee are engaged in drawing up a report regarding investigation into the contract for headstones for the national cemeteries; charging that it was corruptly procured, and recommending that it be annulled. About \$500,000 are involved. "Let no guilty man escape" said Grant, and thereupon he turned Bristow, Bluford, Wilson, Pat. Dyer, Pratt, Jewell and Yarran out of office, they having been guilty of prosecuting his friends and bringing disgrace upon his administration. And yet the Cincinnati Convention bowed down and worshipped the great punisher of the guilty.

The New York Methodist, a paper that in politics never knew anything else but Black Republicanism, says: "We are among those who believe that President Grant ought to explain to this Christian nation why he has pardoned seven gaugers convicted of using their official powers to aid in defrauding the revenue of the United States."

It is certainly something that the House has done for the country in effecting a reduction of over eleven million dollars on the appropriations of last year. This is the result of the labors of the friends of retrenchment in the Conference Committee on the Sundry Civil bill.

The nomination of such a man as Mr. Tilden at such a time is an auspicious and encouraging event in the history of the country, remarks the Harrisburg Patriot. It shows that the Democratic system may be depended upon in an emergency to rise superior to all hindrances and make plain and straight for the feet of the people the path of prudence and safety.

Hon. Archibald M. Bliss, one of the leaders in the Liberal Republican movement in New York and now a member of Congress from one of the Kings county districts, writes as follows: "Tilden and Hendricks, upon the platform made at St. Louis, mean honest government, reduced taxation, business prosperity, genuine practical reform, and Democratic success in November—all of which the country needs at this time—and any and every honorable effort made to secure these results will meet with my hearty cooperation and support."

Says an exchange, "The Republicans propose to elect Hayes President in place of Grant. The whole number of public officers is estimated to be eighty thousand. One is to be changed, and seventy-nine thousand nine hundred and ninety-nine left in! One drop in the pail of sour milk is to be changed; will that make the whole pail sweet?"

The New York Herald truthfully says: "The party of which Governor Hayes is candidate has been in power for sixteen years without redeeming a single promise contained in his letter of acceptance, and what Lincoln and Grant could not do will hardly be done by Hayes. Where a political system is false, no man can save it, and promises are vague after sixteen years of broken pledges."

An old and well known Radical of Perry county, Illinois, speaking of the St. Louis nominations, says: "I believe Tilden will be our next President. We need reform, positive and unmistakable reform, and we must be allowed sufficient time to pay our public debt without needlessly crippling our industries, and also we need a policy which will stimulate our productive capacities instead of depressing them."

United States District Attorney Dyer, of St. Louis, has been removed by the President. It will be remem-

bered that Dyer was the man who so ably prosecuted the whisky rings of that place. As a result of his labors thirteen first-class Radical leaders of that State are in the State Prison at Jefferson City. At least two of the number, Gen. McDonald and Joyce, were personal and old-time friends of the President.

The hour and the man at last have met, exclaims the Boston Post. In the triumphant nomination of Samuel J. Tilden by the national Democracy the hopes of the country are suddenly revived. It is a positive movement for political regeneration. The scales fall from the eyes of the people in the clear light of this proceeding. For the work of reform a successful reformer is needed. Tilden is the leader of men, a superb organizer, a profound political economist, a determined foe to all forms of public dishonesty and corruption.

A telegraphic special says a majority of the House Investigating Committee consider the evidence taken in the investigations of the management of the Navy Department sufficient to warrant the impeachment of Secretary Robeson.

W. O. Avery, who was undergoing a sentence of five years' imprisonment at Jefferson City, Missouri, for complicity in the whiskey frauds, has been pardoned, and the telegraph says, "the papers bear date in advance of twelve o'clock July 22d. Judge Taft knows nothing about it," and further, that "there is good authority for the statement that Taft has said if the pardon was issued it would cost the Republican party a hundred thousand votes. It is also stated that Mrs. Avery left Washington yesterday with a cheering assurance to her husband that the pardon was forthcoming."

If Carl Schurz has been a leader among the Germans, he has ceased to be with his declaration for the party which praised Grant as the benefactor of the country. "General" Schurz, far from proving himself a statesman, as he has often been called, erroneously, in the emergency when the public good was before the personal, has unmasked himself as a common politician. He will not now muster more than a corporal's guard of respectable German officeholders. The honest bulk of the German voters, true to their inborn love of liberty and reform, and their hatred of secondhandism of all kinds, will join the reform ranks of Tilden. They need no better leader.

The Germans to-day are as enthusiastic for the abolition of Grantism as they were once for the abolition of slavery. Then Carl Schurz led them; to-day he has betrayed them. They never will forgive him. Whatever may happen his influence with the Germans is dead. The following are a few of the names of the many thousands former influential Radicals who now support the Democratic nominees for President and Vice-President: Charles Francis Adams, Jr., of Mass.; Judge Stallo, Judge Hooley, Mr. Reemelin, and Fred. Hassaurek, of Ohio; Gov. Koerner, Senator Lyman Trumbull, Gen. John F. Farnsworth, Gov. John M. Palmer, of Illinois; Major-General Hooker, Wm. Cullen Bryant, Parke Godwin, Isaac Sherman, the Greeleys, Oswald Attendorfer, of New York; Cassius M. Clay, of Kentucky; J. A. Doollittle, of Wisconsin; Maurice Auerbach, of Minnesota.

The Baltimore Gazette says General Grant has turned out of office all the men who nobly sided Bristow in punishing the whiskey thieves and breaking up illicit distillation in the West. The meaning of it probably is that the whole business will be revived for the benefit of the campaign fund.

The Brooklyn Eagle contains the statements of leading German gentlemen in Brooklyn giving their reasons for the support they are according to Mr. Tilden and Reform. Among those who made statements were Mr. Gustav Schlueter, Mr. James Eschwege, Col. H. A. Meyenburg, Mr. Carl Kolowrat, Mr. Gustav Zimmerman, Mr. M. Lampus, Mr. M. C. Anderson and Mr. Philip Kraushaar.

A special Washington dispatch to the Boston Herald contains the following: "One of the strongest reasons given by General Jewell's friends for his ignominious removal was his open sympathy with Bristow. Jewell was the only sincere ally of Bristow in the latter's attempt at reform, and the President, in his hatred of Bristow, is determined to root out every trace of Bristow's influence in his Administration."

The Chicago Tribune claims that the Republican party is no longer responsible for Grant, and the Cincinnati Commercial thinks that he ought to be impeached. Your only chance, gentlemen, will be to issue a decree disbanding the party, and take a fresh start.

The Springfield Republican says that since Charles Francis Adams indicated his preferences for Tilden, the Democrats are talking of running him for Governor of Massachusetts. The Republican is of the opinion that "such a nomination would threaten Rice seriously, indeed, probably carry the State."

The Worcester (Mass.) Press says: "We say confidentially to Republicans, 'You may make up your minds to see Tilden carry New York State by about 60,000 or 70,000 majority.'"

I. O. B. M. GREAT COUNCIL.—The great council fire of this Order was kindled in San Francisco in due form on Tuesday last, present the great officers of the Tribe. Shawnee Tribe, of Woodland, is represented by Past Sachem J. C. Ball. Ten new Tribes have been instituted in the State during the year, and the total membership in the jurisdiction is 2,773. The Order is in a very prosperous condition.

KNOW-NOTHINGISM.

If there ever was an ism in the politics of this country more detestable to a true American than that of Know-nothingism, we have yet to be made aware of it. At any rate the Democratic sense revolts at the idea. It suits only the narrow, puritanical mind. The Democracy years ago drove it, as the leading principle of an identical party, from the politics of the country, by exposing its utter absurdity in a free republic, its anti-democratic tendency and teachings when viewed in the liberal light of the Declaration of Independence and of the Constitution of the United States. The political party which attempted to carry out its proscriptive ideas was dealt such defeat at the polls that it never rallied as a party, and for the sake of true liberty and in the hope of maintaining a genuine Democracy, we trust never will. These reflections are revived by observing the following paragraph, taken from the New York Tribune, a leading Hayes and Wheeler paper of extended circulation:

"Had the hordes of priest-ridden Irish Roman Catholics and atheistical Germans who have since invaded the land, come a century earlier, a stable republic would have been no more likely here than in Mexico; and the result would have been the same, the good element of our nation dead."

This is mere speculation, and were it not so insulting to a large body of foreign-born citizens, would be idle talk. It is proper, however, that it should appear in a Republican paper. Roman Catholics, Protestants, Jews or Greeks may look in vain for the promulgation of any such doctrine as this in the Democratic press of the land. It has come to this: that the Radical press champions the old "Know-nothing" idea of proscription in politics on account of nationality and of religion, American citizens of foreign birth must read such sentences as the above with very poor relish. One would think such slurs on account of accident of birth or choice of religion would repel rather than attract foreign born citizens; and hence, it is surprising, even if no higher motive is allowed to govern, that any paper of influence as a party organ should give utterance to such matters, which have no right there, are brought into the campaign at all. The celebrated Dr. Storrs promulgated the correct sentiment in his Fourth of July oration, "Let us make religious dissensions here, as a force in politics, as absurd as witchcraft." This ought to apply just as forcibly in conducting the Presidential campaign. And we are more than glad that there is a great national party which advocates absolute equality, under the Constitution, of every citizen in the land, whether he be native or foreign born—whether he be Catholic or Protestant; with which party we are proud to affiliate, happy to be associated, and willing to uphold and work for until it obtains the ascendancy. We refer to the Democratic party—the only party upon whose principles the Government can rest safely and the citizen be secure in his rights. Then, absolute justice will be meted out to all classes of citizens;—then, and dear reader, not till then. And here, if our views are correct, the question becomes pertinent, Will not every foreign-born citizen and every citizen whose religion is proscribed by the Radical press, as in the above instance, who votes for Hayes and Wheeler, stultify himself and aid in elevating to power that party to which he is by nature and by choice opposed? It seems very clearly so to us. Will our foreign-born friends thus "kiss the hand that smites them?" If they do they shall not have it to say of this paper, when writhing under the consequences of their folly, that it failed to warn them in time. We will hope and look for better things, and believe we shall not be disappointed. Please observe the last clause in the above quoted paragraph—"how much strain can the good element in our nation bear?" and note its source.

"EUCALYPTUS GLOBULUS."—We have received from the publisher, Ellwood Cooper, of Santa Barbara, an octavo volume of 240 pages explanatory of this wonderful tree. It can be obtained bound in cloth for \$1.50, and in paper covers for \$1.

THE WAR IN EUROPE.—A telegram dated Constantinople, July 25th, says: "Official dispatches say that a Turkish detachment from Setchavitzia crossed the Servian frontier and defeated the Servians, killing 3,000. It also burned three villages. Thirteen Turkish battalions attacked and routed the Montenegrans near Nevesinje. Abdul Kay, Commander-in-Chief of the Turkish troops, has arrived at Nissa. A great battle is imminent."

"My wife has, for a long time, been a terrible sufferer from Rheumatism. She has tried many physicians and many remedies. The only thing which has given her relief is Centaur Liniment. I am rejoiced to say this has cured her. I am doing what I can to extend its sale."

"W. H. RING."

This is a sample of many thousands testimonials received of wonderful cures effected by the Centaur Liniment. The ingredients of this article are published around each bottle. It contains Witch Hazel, Mentha, Arnica, Rock Oil, Carbolic Acid, and other little known. No family is complete without the Centaur Liniment. It performs more cures of Swelling, Stiff Joints, Eruptions, Rheumatism, Neuralgia, Sciatica, Caked Breasts, Lock-jaw, etc., than all other Liniments. Embrocations Extraits, Salves, Ointments, and Plasters now in use.

For Toothache, Earache, Weak Back, Itch and Cutaneous Eruptions, it is admirable. It cures burns and scalds without a scar. Extracts poisons from bites and stings, and heals frost-bites and chilblains, in a short time. No family can afford to be without the Centaur Liniment, while we wrap.

THE CENTAUR LINIMENT, YELLOW WRAPPER, is adapted to the tough skin, muscles and flesh of the animal creation. Its effects upon severe cases of spavin, Sweeney, Wind Gall, Big Head and Poll Evil, are little less than marvellous.

Messrs. J. B. Rose & Co., Druggists, cor. Elm and Front streets, Cincinnati, Ohio.

In our neighborhood a number of teamsters are using the Centaur Liniment. They pronounce it superior to anything they have ever used. We sell as high as four for one dozen bottles per month to these teamsters."

We have thousands of similar testimonials, for Wounds, Galls, Scalds, Ring-bone, etc., and for Sore Wound in sheep it has no rival. Farmers, Livestock men and Stock-raisers have in this Liniment a remedy which is worth a hundred times its cost, and neither sugar nor gripes.

Mothers may have rest and their babies may have health, if they will use Centauria for Wind Colic, Worms, Feverishness, Sore Mouth, Croup or Summer Complaints. It is entirely a vegetable preparation, and contains neither mineral, morphia, nor alcohol. It is as pleasant to take as honey, and neither sugar nor gripes.

Town and County Matters.
PREACHING.—There will be preach-
ing at the Christian Church next
Sunday at 11 A.M., by President B. H.
Smith.
WHEAT.—Figures for wheat remain
low—\$1.35 per cent—and consequent-
ly but few are selling. Arrivals are
quite large, mostly for storage till bet-
ter prices prevail.
THE DANGER PAST.—Woodland is
again fortunate in that the smallpox
did not spread. The light case men-
tioned last week was well managed,
and the patient may be said to be well
again. Probably sufficient time has
elapsed for contagion to have mani-
fested itself, but there are no other
cases so far as known up to the time of
going to press—Wednesday evening.
Let us all be thankful.
RESIGNED.—J. C. Ball has tendered
his resignation as Trustee of Woodland
School District. Superintendent Pen-
dage has power to fill the vacancy
thus occasioned in the Board by ap-
pointment. The reason Mr. Ball gives
for tendering his resignation we un-
derstand to be that the new corps of
teachers were selected, or at least the
Principal, without consulting with
him; and he consequently concluded
that if the other Trustees felt disposed
to act together independently of him
or his opinions in so important a mat-
ter as the selection of a Principal for
the next school year, they could do
without him altogether.
UNTRUE.—Coroner Krellenberg de-
nies the truth of the statement which
appeared in last week's Mail, profess-
ing to give the particulars of the burial
of an unknown man who died at Mc-
Mahon's Ranch, near Cottonwood,
about four weeks ago. Instead of put-
ting the corpse in a hole about six
inches deep, a regular grave about five
feet in depth was made; and instead of
burying the corpse in a line running
southeast and northwest, the grave
was dug according to a line designated
by the Trustees of the Cemetery. The
report in last week's Mail was a buga-
boo story, made up of hearsay evidence
of a very unreliable character, the
Coroner says.
AN APPLICANT.—Among the many
applicants for the position of Princi-
pal of Woodland Public School was
Mr. Geo. P. Robertson, of San Fran-
cisco, who presented a State Certifi-
cate and Diploma from Ex-State Su-
perintendents Fitzgerald and Bolander.
If Mr. G. N. Freeman, the appointee,
has better standing in the School De-
partment than this, he must certainly
be an A. No. 1 teacher. Of course he
ranks them all, and Woodland has
secured the best practical teacher of all
those who applied for the position, to
take charge of her public schools. We
have since learned that Mr. Robertson
would probably be appointed princi-
pal of Knights Landing School.
A NEW ATTRACTION.—In College
Block, opposite the White House is
one of the most attractive establish-
ments in town, called the Woodland
Variety Store, Mr. H. Saroni proprie-
tor. Its line is implied in the name—
Variety—more particularly choice con-
fectionery, tobacco, cigars, stationery,
firearms, children's carriages and the
usual etceteras. Mr. Saroni claims
that his connection with manufactur-
ing houses in San Francisco enables
him to give far better rates to pur-
chasers than have heretofore been
offered here, particularly in tobacco
and candles. Having sampled some
of the latter we can speak of its quality
knowingly. Judging from what we
saw in a brief examination, we trust
Mr. Saroni will succeed in building
up a good paying business.
IMPORTANT INVENTION.—Mr. L. F.
Craft of this place has secured the
right for this State to use or sell the
Andrews Trip-Hammer Brick Ma-
chine, patented, which runs by horse
or steam power, works the clay direct
from the banks, makes pressed bricks
of superior quality, and for less money
than bricks can be made for by any
other machine in use. A model ex-
amined shows the machine to be sim-
ple and efficient. This machine is in
use at St. Louis and other large cities
East, where it gives unqualified satis-
faction. Mr. Craft visited the Centen-
nial and out of all the machines of this
kind on exhibition saw none that
compares with the "Andrews." Those
wishing to secure rights or machines
west of the Rocky Mountains, should
address L. F. Craft, Woodland, Cal.
TO DEALERS IN CIGARS.—Being connected
with one of the largest cigar manufacturers in
San Francisco, I can furnish cigars to the trade
at prices greatly below the market prices.
H. SARONI,
At the Woodland Variety Store.

Winters Items.
The following we glean from the
Advocate of Saturday last:
The races on the 22d were largely
attended, the grand stand erected to ac-
commodate 1,100 persons was insufficient
to hold all the people. Many turf men
were present. The first race was a dash
of 1/4 of a mile by two-year-olds, for the
Parker House plate, and was won by
"Balston," in 1:22, against "Old
Times" and "Bill Barnes." Second
race—Yolo free handicap sweepstakes,
dash of 1 1/2 miles; runners, "Bradley,"
"Lady Amanda," "Emma Skaggs." Won
by "Amanda," "Staggs" second,
"Bradley" third. Time 2:15—
first mile 1:43. Third race—Solano
sweepstakes, 3-year-olds, 1 1/2 miles.
Contended for by "Mollie McCarty,"
"Belonette," "Minnie Blackburn,"
"Ward Beecher." Won by "Mollie,"
"Ward Beecher" second, "Belonette"
third, "Minnie Blackburn" fourth.
Fourth and last race—Commercial
plate for 4-year-olds, dash of 2 1/2 miles;
by "Bradley," "Sherman" and "Mor-
phine." "Sherman" came in first,
"Bradley" second, "Morphine" third.
The dedication of the new
church, which was completed, fur-
nished, seats cushioned, bell swung,
and free from debt, was celebrated on
the 15th. On the evening of the
17th the following officers of Winters
 Lodge No. 248, I. O. O. F., elected for
the ensuing term, were duly installed:
J. O. Maxwell, P. G.; H. J. Whitney,
N. G.; J. A. Brown, V. G.; R. Spauld-
ing, Sec.; H. M. Hord, Treas.; John
Wurtz, Warden; W. D. Bowen, Con-
ductor; Robt. Cradwick, I. G.; Ed.
Hayes, O. G.; W. B. Ball, R. S. N. G.;
Ed. Fisher, L. S. N. G.; D. Fran-
cisco, R. S. S.; A. Wensley, L. S. S.;
V. Morris, Chaplain. After the in-
stallation a social jollification was in-
cluded in over a sumptuous repast at
the Parker House. Mr. A. Powell,
the well known extensive lumber
dealer at Vallejo, has established a
lumber yard at Winters. President
Smith of Hesperian College, of
Woodland (Christian), and Elder Prior
(Baptist), of this county, preached on
Sunday last. Winters has organized
a Democratic Club which num-
bers 35 members, and is waiting to
hear from Woodland. At their Club
Room on Saturday evening last, sev-
eral telling speeches were made and
additional members enrolled. Winters
gives promise of rolling up a large
majority for Tilden and Hendricks on
election day. Several cases of dip-
theria and intermittent fever are men-
tioned in and near town.
SMALLPOX.—A case of confluent
smallpox has broken out nine miles
west of this place on the ranch of Mr.
Briggs, a bachelor. The patient is a
man who came up from San Francisco
to work for Mr. Briggs. He came
down with the disease four days after
leaving the city. The attendant phy-
sician informs us that measures have
been taken to prevent the spread of
the disease from this case. As there is
no danger and a sure preventive in
proper vaccination, common prudence
would suggest its general adoption.
Physicians now use vaccine that has
never passed through the human sys-
tem, but is taken directly from the
cow. In using this there is no danger
of contamination.
THE CHOICEST CONFECTIONERY can be found
at the Woodland Variety Store, Main street,
College Block, opposite the White House.
H. SARONI.
MINE EXPLOSION.—At Nortonville
in this State, on the 24th instant, an
explosion occurred in the Black Dia-
mond Coal Company's works, caused
by the ignition of accumulated dry coal
dust from a blast in one of the chutes,
resulting in the death of five persons
and the severe burning of five others.
The names of the dead are Wm. Geth-
en, Wm. L. Williams, Meredith Lew-
is, Geo. M. Reynolds, and David W.
Griffith. The injured are Theophilus
Watts, dangerously; Theophilus Du-
mas, Thos. D. Davis, Dan Watts, and
Even Smith, slightly burned. Thos.
D. James, Harry Manwarring, Gia-
como Lergo and Watkin Williams
were asphyxiated, but will probably
recover.
DISSES AND GLASSWARE, of the best quality,
cheap, at J. H. Eaton and Son's.
PERSONAL.—Oliver P. Myers, well-
known throughout the Pacific Coast
as the managing advertiser for Mont-
gomery Queen's Cream and Menagerie,
on account of ill health caused by in-
digestion and overwork, as we learn
from the Chicago Journal, a short
time since resigned his position with
Mr. Queen and took up his residence
in Chicago for needed change and rest.
Recently, Mr. Myers has accepted
another position, which will afford op-
portunity for the display of his pecu-
liar talent, namely, that of General
Advertiser for the Fort Wayne and
Pennsylvania Railroad, with head-
quarters at Chicago.
J. H. EATON & SON pay the highest price
for poultry and eggs.
SCIENCE.—Alvin C. Whitmore, a
step-son of Dr. M. G. Kellogg and half
brother of Charles Kellogg, formerly of
this place, shot himself through the
heart at San Jose on Monday last.
Unrequited love is given as the cause
in a farewell letter to his mother. He
was a young man of good character
and respectable family. So says a
telegram to the Call.
INSTALLATION.—On Sunday last
District Deputy Great Sachem Fred
Klays, of Davisville, assisted by D. D.
Great Prophet Oneal and others,
raised up the Chiefs elect of Shawnee
Tribe I. O. R. M. of Woodland, as fol-
lows: Sachem, F. E. Baker; Senior
Sagamore, S. W. Stollings; Junior
Sagamore, Frank Hadsell.
WILL RESUME.—Dr. G. H. Jackson
will resume practice again in a few
days.

**The Democracy and the South-
Consistency a Jewell.**
The Hamburg massacre has naturally taken
a strong hold on public attention for its bear-
ing upon the political situation is plain and
important.
It is evident that a Democratic Adminis-
tration could not be depended upon to
force the law for the protection of the negroes
in the South and that a Democratic Congress
would take no steps toward the enactment
of measures for the suppression of lawlessness
arising from race prejudice and hate.
These remarkable sentences are
quoted from the Sacramento Record-
Union of July 22d, and are of a piece
with the editorials of that journal for
some weeks past. The whole article is
an ingenious and specious sophism,
attempting to hold the Democratic
party responsible for its own criminal
weakness, as manifest in its vain ef-
forts for the solution of the Southern
problem. But that paper does not ex-
hibit its usual cunning in referring to
the "Hamburg massacre" in this con-
nection, for it certainly is one of the
strongest proofs that the Republican
party is incompetent to the accom-
plishment of the restoration of peace
in the South.
This party has had the whole power
and control of the government for the
eleven years past. The Legislative,
Judicial and Executive departments
in full accord; the national treasury
and the army to back their policy;
and we now see by this tragically how
miserably and entirely they have
failed in restoring "the South to har-
mony, peace and prosperity." They
have been feeding, clothing and edu-
cating the negroes by means of the
National Treasury—have had the
army down there to protect them, and
give full and free scope to their policy,
and this bloody tragedy at Hamburg
shows how much they have done.
Instead of charging the Democratic party
with "representing the organized
ignorance of the country," the Record-
Union ought to put on sack-cloth, get
down in the ashes and acknowledge
with proper humility the stupidity
and inefficiency of the measures adop-
ted by the party it sustains; that in
all these years they have accomplished
nothing toward reconstruction; that
they have done no good, but that their
course has begotten heart-burnings,
plots and murders throughout the
Southern States; that this party has
expended millions of money foolishly,
has exhausted all the statesmanship
that its great intelligence possessed,
and has failed to restore an amiable
feeling between the races. He should
have candidly written thus: "As re-
gards reconstruction our Adminis-
tration has been a failure. We have
learned by past experience that we
are not the party to accomplish the
"pacification of the Southern mind";
"we have too long and earnestly
fanned the fires of race hatred to be
the party that can now by any pos-
sible quench the flames or restore
peace and prosperity to the people of
this section. The white Southern
people look upon the Republican
party with suspicion, believing it to
be prejudiced and filled with hatred
toward them, which may have had
great influence in preventing the
measures adopted being effectual."
Be this as it may, the recent out-
break at Hamburg proves our in-
ability to solve and settle this great
national difficulty, and we therefore
yield to the more conservative and
"better qualified party to undertake
this difficult task. It is the mission
of the Democratic party to pour oil
upon these troubled waters; to firmly,
honestly and equitably administer
the laws. Such administration
"would not be viewed by the Southern
mind as the gratification of malice
and revenge," and would have a most
salutary influence." This would be
the language of honest patriotism.
But to try to shuffle off the responsi-
bility from Republican shoulders by
making the Hamburg tragedy in any
manner the result of Democratic ac-
tion, is a contemptible, paltry trick.
To ask the people of the United
States to longer continue the present
party in power with all its inability,
its enormities, its dishonesty and total
depravity, has a "coolness about it
that is quite refreshing these hot
days," and if it were not so serious a
matter, would be ludicrous. It is said
"whom the Gods wish to destroy they
first make mad." This solves the won-
der that a sensible writer would intro-
duce as evidence of the fitness of a
party to govern, one of the clearest
proofs of the inefficiency and igno-
rance of its "statesmen" to cope with
the most important question of the
times.
In conclusion, we will advise the
Record-Union to wait a few months
and the Democrats will be in power.
Then you are welcome to charge them
with any and all dereliction of duty
which they may be guilty. Governor
Tilden has shown his willingness and
aptitude to prosecute thieves and to
enforce the law against powerful com-
binations of monopolists, and we do
not think his ability and his intention
when elected President of the United
States, to enforce the laws within his
proper sphere whenever broken, be it
against War Secretaries, revenue rob-
bers or Southern rioters. Please call
up more evidence of the inefficiency
or criminal neglect of your party to
correct these crimes, and it will not
get a corporal's guard at the coming
election.
We Can't Talk
Without showing the condition of our teeth.
Every laugh exposes them. In order not to
be ashamed of them, let us use the standard
dentifrice, SOZODONT, which is sure to keep
them white and spotless. No tartar can en-
dure them, no canker affect the enamel, no
species of decay infect the dental tissue. If
SOZODONT is regularly used, it is a bota-
nical preparation, and its beneficial effect on
the teeth and gums are marvelous, as it
removes all discolored spots and renders the
gums hard and rosy.
A crown of "Horse Men," and others, daily
through the stores in country and town for
"Sheridan's Cavalry Condition Powders." They
understand that horses cannot be kept in
good condition without them, and with
them can be on a much less quantity of grain.

NEW TEACHERS.—The teachers en-
gaged for the next year for Woodland
public school are: G. N. Freeman,
Principal; John Gola, Assistant; Miss
Freeman, Miss B. H. Miss Peek, Miss
Lawson. Mrs. DeLong and Miss De-
long have charge of the Primary
Department. No teacher has been en-
gaged for the colored school.
Travelers! Attention!
You cannot have a better code of law on your
journey than that of the Southern Railway.
That prime medicinal agent will enable you
to drink brackish water without running the
risk of disordered stomach and bowels, will
neutralize the influence of foul or miasmatic
air, and will prove a most agreeable and
wholesome stimulant and means of counter-
acting the fatigues of traveling. On long sea
voyages, where the crews of whaling or other
vessels are almost wholly restricted to salt
meat, it has proved an admirable preventive
of scurvy, and in the tropical seas it saves
the sailor from fever and malaria. It has
ever proved the surest reliance of the
emigrant, exposed to the miasmatic com-
plaints which prevail in regions of country
newly cleared of timber, where the rays of
the sun falling on stagnant vegetation, unex-
posed to the breeze, create the miasmatic
exhalations, laden with the seeds of disease.
Acclimation, or the habituation of the con-
stitution to the peculiarities of an unaccus-
tomed climate, is greatly facilitated by the
regular use of this protective elixir, which
imparts such vigor and elasticity to every
nerve and fiber that it is impossible for the
vital energies to become depressed to a point
inconsistent with the maintenance of health.
The elixir is a most valuable and favorable
condition of the atmosphere. The elixir
should be used at least twice a day, morning
and evening being the best times. A pur-
chase of this course when there is danger, as
the system develops evidence of debility,
will effectually neutralize the peril.
"Dr. R. V. French," a child about
three years old, was greatly afflicted with
sores on his legs and feet, so that he could
not wear his shoes and stockings. Had a
great deal of trouble with him. Had tried
many remedies ineffectually. At last we
tried the Golden Medical Discovery, and in
about three weeks he was entirely cured.
Sore were all healed, and health much im-
proved. Respectfully yours,
W. H. BOYER,
Vermillion, Edgar Co., Ill., Jan. 29, 1875.
The relaxing power of "Johnson's Anodyne
Linctum" is truly wonderful. Cases are
already numerous where bent and stiffened
limbs have been limbered and straightened
by its use. When used for this purpose, the
limbs should be washed and rubbed thoroughly.
Apply the linctum cold, and rub it in with
the hand.
Among the admirable properties of GLEN'S
SULPHUR SOAP is that of cleansing the head
of dandruff and preventing its subsequent
accumulation, by opening the pores of the
scalp and thus keeping it healthfully moist.
MAKEREED.
At the M. E. Parsonage, Woodland, July
24th, 1876, died, after a short illness, Mr.
Mary Susan Plater, wife of J. H. Plater,
Yolo County.
Obituary.
At the residence of B. W. Stephens, in Yolo
Co., Cal., on Sunday, July 16th, 1876, James
M. Stephens, Jr., departed this life, aged 45
years and 8 months.
Deceased leaves a widow and nine children,
together with a large circle of relatives and
friends to mourn his loss. During an illness
of about two months, marked by much suffer-
ing, he manifested a Christian resignation,
expressing his willingness to die whenever
his Masters will that should depart.
Having patiently borne the trials to which
flesh is heir, he realized that the "light
afflictions of this life work out for us a far
more exceeding and eternal weight of glory."
He was a devoted and true Christian, and
his family following him four months there-
after. As it was his lot to precede them to
this land of sunshine and evergreens, so was
it the will of Heaven, that he should precede
them into the Great Beyond. His funeral
obsequies took place at the house where he
died on Monday, the 17th instant, after which
his remains, followed by a numerous train of
sorrowing friends, were carried to their last
resting place and deposited in the cemetery
near Cottonwood.
"Go to your rest, O sleeper,
Arouse thy senses and awake,
To see how soon
Life, with its glory, glides away,
And the stern footsteps of decay
Come stealing on."
Our birth is but the starting-place,
Life is the running of a race,
And death the goal. J. T. P.
